

# UV Replacement Lamps

**UV Process Supply offers the most complete line of replacement lamps and related components available anywhere!**

**UV Process Supply** offers a complete line of UV system components for replacement, as an addition to your existing system, or for building your own UV curing unit according to your specifications. We offer lamp housings, fully encased and unencased power supplies, irradiators, cooling fans, air knives, replacement lamps, plus a complete selection of universal electrical components including hard-to-find mercury relays. Be sure to keep a proper inventory of replacement parts and maintenance supplies on hand to reduce downtime and maintain peak performance standards.

## Replacement Lamps

UV Process Supply is a leading supplier of mercury vapor and mercury halide lamps for nearly every ultraviolet application. Regardless of equipment manufacture, we can provide your operation the finest lamps, price and delivery to keep your equipment operating at peak efficiency.

This list contains some of the names of equipment manufacturers whose UV exposure and curing lamps we have matched and serviced. If you do not see your equipment on this list, please call us for availability, part numbers, cross references and price lists. We strive to provide lamps for new equipment on the market.
